Ronald Corp has established himself as a force to be reckoned with on the British music scene. He's also an adept composer, as this handsome anthology of his work makes clear.

Philip Greenfield, American record Guide. March/April 2007 There are many rewards to be found on this CD, and I can recommend it highly to those who are fond of choral music. Fanfare Corp's settings are fluidly melodic and sensitively responsive. Nine shorter pieces also feature. BBC Music Magazine
